explain it to me

I need support

need a break

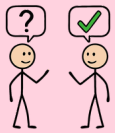
talk to me

I can ask

my AAC always

I don't understand

answer me



I can say no

yes

say it again

I need more time

all done

listen to me

my feelings

no

what does that mean

wait for me

respect

join in

my opinion

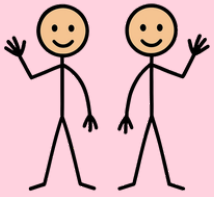
I agree

stop

I don't like that

my own way of talking

friends



my choice

I disagree

tell me why

that's not okay

what

good
